

Veterinary Spiritual Medicine

This November 2018 will be the very first lecture in a continuing series of six lectures in Veterinary Spiritual Medicine. Inspired by the teachings of the Austrian clairvoyant Rudolf Steiner, spiritual science, a field considered the foundation of anthroposophy, is a methodology that helps us to understand and gain access to our higher selves. In doing so, not only does it give us the necessary tools to evolve together spiritually as a human race but to also as healers, help us to find ways to evoke a curative self healing in our patients.

We will be adapting this thinking to pre-existing holistic modalities, particularly acupuncture and homeopathy. The lectures will be every other month, starting in January 2019, dates TBD, beginning on Friday night at 6 pm to 10 pm, continuing on Saturday 9 AM to 5 PM and ending on Sunday from 9 AM to 4 PM. Held at FEAC, 21412 Field Of Dreams Lane, Dade City, FL 33523.

For those interested in these lectures you are required to attend the first seminar being held from Nov 6th - 11th 2018, given by Are Thoresen, \$650.00 US dollars due 10/1/18. This, along with reading the book Spiritual Medicine written by Are Thoresen and Peggy Fleming (available on Amazon.com), will give you a deeper understanding of the content of the lectures that are to follow. We will have a meeting during Are's seminar to solidify the group and determine who is serious enough to embark further on this journey.

The first fee due is for the Are Thoresen Seminar (\$650.00 US). To continue with Dr Fleming lectures, the remaining cost for the 2019 year will be \$2500.00 US dollars due by the end of the Are Thoresen seminar (11/11/18). A minimum of 12 attendees are required to sign up at that time for the lectures to continue.

Below are the registration forms. Fill out form(s) and send to FEAC with your check made out to Peggy Fleming.

Veterinary Spiritual Medicine

Thoresen Technique Acupuncture
Tuesday November 6th through Sunday November 11th
Hosted by the Florida Equine Acupuncture Center
and Dr. Peggy Fleming, DVM, AP, Dipi, Ac.

21412 Field Of Dreams Lane, Dade City, FL 33523
352-583-2400

Dr. Are Thoresen, DVM, AP, CMV from Sandefjord, Norway

Touted as the father of surrogate pulse diagnosis, ting point therapy, Ko cycle cancer therapy and veterinary ECIWO treatment, Are has dedicated his life to the cutting edge use of Five Element Acupuncture to treat seemingly complex diseases with a simple and effective methodology.

A message from Are: This course will build upon my earlier teachings about treating the excess and the deficiency, leading us forward to treat the middle, the good and healthy energy of the body, or the Christ energy if you want. This middle point works better if performed in a group or a circle. Many times in recent history several methods or procedures has stopped working or been reduced in strength, and in this seminar the methods how to stop this reduction of effect will be discussed. Further will the more classical subjects as pulse-diagnosis, herbal therapy, the Ting-points, cancer therapy and the huge problem of translocation will be discussed. Hering's law within homeopathy will be discussed in relation to translocation of the disease, which also will explain how and why the same energetic deficiency in the owner will show up in the animal. All the discussed subjects will be discussed and presented in a context created by Rudolf Steiner's anthroposophy and the practice and discoveries of myself.
